HOW DID CHLOE GET HERE?

Before joining us at Katherine Harriet, Chloe worked part-time in retail whilst completing her Level 3 in Business Administration at College.

During this time Chloe's Grandmother became ill and required care. Seeing how much this helped her Grandmother to be able to stay at home convinced Chloe she wanted to do the same for others and she joined KH in September 2022.

WHERE HAS THIS TAKEN HER?

Chloe started KH with no experience or care related skills and it was soon after starting that it was evident Chloe had the right values and attitude that were required for a caring role. Chloe has gained confidence, skills and knowledge and takes every opportunity she can to upskill herself and become a better version of the Wellbeing Assistant she was the day before. Chloe is currently on the Champion Pathway and also about to start the training pathway.

WHAT ADVICE WOULD YOU GIVE TO OTHERS?

"The one bit of advice I would give to anyone thinking of joining us at Katherine Harriet is to do it. Care is one of the only jobs where you can go home after a day at work and feel proud of yourself for making a difference helping someone stay at home.."

TESTIMONIAL

"When I get ready for work and I put on my uniform I feel a sense of pride and happiness being able to help clients stay at home and assist them with their day to day life. Laughing and joking with the clients that is something money can't buy."
